Cost: No cost, basic materials
and morning tea supplied

Some information :

You don't need any previous experience to join this group. We begin with very simple projects so you can learn the basic techniques, step-by-step. We work on individual and group projects. This is an enjoyable and safe space to learn and create your mosaics.

The group is run by Anne Riggs, artist and supported by Rochelle, a SECASA counsellor.

New participants will meet with Anne beforehand, to see the room and discuss the program and your needs. We ask participants to commit to the whole course, and for a \$50 deposit which is refundable at the end of the course when you attend at least eight sessions. If this may cause you hardship, please let us know.
